

Deanna Watson

Deanna Watson has been the Executive Director of the Boise City/Ada County Housing Authorities since 1997. Her prior affordable housing experience was as the Branch Operations Manager for the Idaho Housing and Finance Association. Deanna is a graduate of Boise State University and continues her connection there as an adjunct instructor in the School of Public Policy. As a native Idahoan, Deanna spent her early years in Kamiah, Idaho, like most local kids, dreaming of being a rodeo clown. While that may not have happened yet she does enjoy spending her free time with her three grown children and two rowdy cow dogs.
